

CONFIRMATION

In total, 1.902 carbon credits were retired on behalf of

SABEU GmbH & Co. KG

for the period 1 January 2024 – 31 December 2025.

They were used to support the following
carbon offset projects:

Hydropower India (ID VCS
173), certified by VCS

Windpower Mexiko (ID 6216),
certified by CDM

Offsetting was carried out following upstream determination of the carbon footprint for the 2023 reporting year, taking into account the organisational boundaries based on the Greenhouse Gas Protocol Corporate Standard: Scope 1 - Scope 2 - significant Scope 3 emissions
