

SABEU GmbH & Co. KG

FLUXX® Packaging

Plastics & Membrane Technology

Founded in 1958, we are today headquartered in Northeim, Germany and part of the family-owned Altenloh, Brinck & Co. Group with above 1,600 employees around the world and combined sales of more than \$ 470 million.

Injection molding and filtration are our passion. In these areas we set own standards with our FLUXX® Packaging product line, but also develop individual products based on customer specifications as OEM partner – all Made in Germany.

We are cooperating with our customers to resolve current challenges and offer best solutions – especially in the Packaging division. Thanks to this cooperative approach and the steadily growing know-how, we have been successful on the market for decades and are optimally prepared for the future.

Packaging using the X-tra

FLUXX® is a series of quality products made by SABEU, consisting of innovative closing and dosing systems as well as venting solutions:

- Dispensing Taps for bottling and decanting liquids
- Degassing Inserts used in caps for the continuous pressure compensation of containers
- Vented Caps ready-to-use for the continuous pressure compensation of containers
- Screw Caps for various bottles, canisters, drums and IBCs
- Customized plastic and membrane solutions
